### Intermediate Competitive "Rally-Ready"

Players in these groups can maintain a peer-to-peer rally and are developing concepts to improve physical execution, utilize strategy, and learn how to manage competition. A few of our offerings have age overlaps to give students options of selecting a group with players closer to their ages. Players in the orange and green ball classes may already be competing in USTA tournaments in these levels. All students at these levels are encouraged towards Junior Team Tennis. All classes must receive approval from the Director of Racquets (mike@polotennisclub.com) for entrance.

### High School Pathway

These programs are for players currently on their middle school / high school teams who are looking to gain the skills to join their teams. The classes are designed to be inclusive and encourage players to continue a competitive pathway or jump into entry level competition. The typical student has played Junior Team Tennis or L7 tournaments but has yet to dive completely into a performance lifestyle. All classes must receive approval from the Director of Racquets (mike@polotennisclub.com) for entrance.

### Performance Classes

These classes are specifically designed for players competing in the USTA tournament in yellow ball categories. Typically, these classes are for players entering L6 events and higher. Players will be grouped with others based both on age and skill level. This is a full-time program for year-round players and not recreational or seasonal students. Entrance into this program is based on an evaluation and the maintenance of a competitive calendar. Hard work, setting goals, and pushing oneself beyond one's comfort zone is a must. Each class will have a portion of time set aside for athletic development and conditioning. All classes must receive approval from the Director of Performance (weston@polotennisclub.com) for entrance.

-  • **Afternoon Practice Option** Tuesday, Wednesday & Thursday 3:30-5:30pm
-  • **Evening Practice Option** Tuesday, Wednesday & Thursday 5:00-7:00pm

*In addition to the weekly practice schedule, we will earmark certain tournaments in the USTA calendar as events that the program will target for large participation. Events are currently only planned through the end of the calendar year and the tournaments we will target for coaching are below. For these events, coaches will have a morning team warm up and will take notes during matches for players to review their performance. Tuition for these opportunities is a share of the coaching rate divided by the number of players opting into the event.*
